

3 Firms apply to council for major shopping centre

Council considered a formal application from National Land Consultants Ltd. and Integrated Building Corporation at their April 8 regular meeting, which Coun. Bakker moved to refer to staff for a report. Mayor Gibbon felt the motion should be to receive the report until all proposals for major shopping centres are received and considered.

In making an application for rezoning some 21.73 acres across the highway from Jasper Auto Parts from Residential Holdings to Commercial a letter from F. W. Sagan, president of National Land Consultants noted that in depth planning reports and preliminary plans of the development had been already tabled with council. Major retailers listed by the firm as interested tenants are Hudson's Bay, Woodwards and Zellers, along with 14 smaller firms. A centre of about 164,000 square feet the firm stated can be supported by a popula-

tion of 20,000 which should be reached by the end of 1974. The first phase of the development would consist of a major department store and main food outlet with a combination of smaller shops. Eventually the site could accommodate a shopping centre of 300,000 sq. ft. with a possible expansion of a further 100,000 sq. ft. as the phasing of the development continued.

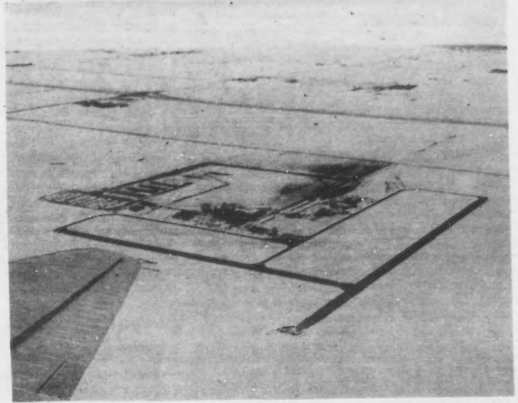

Councillor deBruijn said that unless it is a real concern of council to look at the proposal - and up to this point council is on record as not favoring this site - we should tell these people that the site would not be rezoned. Councillor Lukay agreed with this position, but felt it only fair that council should look at the proposal - it is a different size, and might have some merit, he said.

Council should look at the alternatives and evaluate them all at one time, then advise all interested parties,

said Coun. Bakker. Motion to refer to staff carried 4-3 with Councillors deBruijn, Fyfe and Mayor Gibbon opposed.

Western Realty Projects Ltd. also had a formal application for rezoning before council for a major regional shopping centre. On a site of about 56 acres located on highway 2 within the town at the northerly end. The proposal states that the site has excellent highway frontage and good flankage on Bellerose Drive with good controlled access assured. The development would be 600,000 square feet to accommodate a three department store mall and the firm have reviewed their plan with Simpson, Hudson Bay and Eatons. Target date is for the fall of 1976 or spring of 1977.

A third proposal for a major shopping centre of about 40 acres will be coming before council for a site in the Ball estate area.

Aerial photo of Springbank satellite airport out of Calgary where approximately 150 light aircraft are based. Waffle pattern at back left is the restaurant-filling station area with T hangars and conventional hangars adjacent. Centre area is the residence of the manager with trees, with a training centre behind it at left. The tower is seen in left foreground. More than half the aircraft were tied on grass and about 50 are seldom used.

Final public meeting set on Satellite airport

Following the public meeting on the evening of April 23 in Villeneuve Hall, the Ministry of Transport will be in a position to make a decision on the location of a satellite airport for Edmonton, Mr. R. J. Rohr, regional planning manager for M.O.T. said Tuesday.

Public meetings have been held at NAIT, The Edmonton Flying Club and Villeneuve and M.O.T. has received written representation and comments from a number of individuals and organizations as well. These have now been analyzed and a report will be given at the April 23 meeting.

The Ministry of Transport has been working in co-operation with a number of federal and provincial departments and agencies, including the Department of Highways, Environment, Industry and Commerce, and Edmonton Regional Planning. Twelve possible sites around the city have been investigated and these have now been narrowed down to four: Site 1, south of Stony Plain; Site 5, S.W. of Villeneuve; Site 6, West of Villeneuve and Site 7, between Villeneuve and St. Albert.

The Springbank satellite airport, 14 miles west of Calgary centre was visited by a group of three M.O.T. people; six members of the Villeneuve Athletic Association - Real Durocher, Wm. Soetaert, Angeline Majeau,

Herman Bokenfohr, Dixie and Gilbert Soetaert; and two M.D. Sturgeon representatives, Reeve Bill Flynn and Councillor Glen Berry. The Edmonton satellite airport would be very similar according to Mr. Rohr. About nine quarters of land is needed, of which 30 per cent would be used for the airport and the remainder retained and leased for agricultural use, serving as a buffer.

In Calgary the group met with the airport manager and a number of citizens in the area. Springbank operates from 7 a.m. until 11 p.m. every day of the year. Questions were raised with local citizens on possible problems such as noise, difficulty with livestock and van-

dalism. Some objected to noise, particularly at the end of runways, others said it was no more of a problem than trucks on the adjacent highway. The Springbank airport actually helped the vandalism situation, the group was told, since police patrol the area at night and there is more traffic at night as well. Chickens would go right onto the runways and other livestock adjusted without problems.

Runways are built to go into the wind, but flight paths can be adjusted somewhat in consideration of where noise will have the least effect. All interested persons are welcome to attend the meeting in Villeneuve.

Pitch Singers will perform at Expo 74

The Pitch singers, under the direction of Father Ubald Duchesneau, have been selected to perform at Expo '74, the World Fair being held in Spokane in August, and Father Duchesneau left on Tuesday for Spokane to complete arrangements, including accommodation for the approximately 100 singers and musicians who will be performing.

Originally invited for a one day's performance the

choir was asked for six performances over three days after the organizers heard a tape recording of some of their work.

Choice of appropriate music was the subject of some considerable discussion between the young singers (students of grades 10, 11 and 12) and their director. Lively and interesting performances will be required to capture the attention of large

Delegation presses Board for kindergartens

Due to an unusually large delegation, the first half of the regular St. Albert Protestant Separate School District No. 6 meeting was held in Sir Alexander Mackenzie

School on Wednesday, April 10, 1974.

The Board heard a presentation by Mrs. Gloria Fretwell representing the St. Albert Early Childhood Ser-

vices Association. The Main point of Mrs. Fretwell's presentation was that a demand for kindergartens within the school system exists in the district. She considers that there is sufficient parental support to warrant the implementation of a board-operated kindergarten in September, 1974. Use of the teaching staff and the facilities already available in the schools, such as libraries, gymnasiums and other equipment, would best provide the most desirable environment for early childhood education programs. On behalf of the parents of the association, Mrs. Fretwell pledged parental assistance in helping to define the curriculum.

Members from the St. Albert Protestant Kindergarten, the St. Albert Creative Schools Society and other established kindergartens in St. Albert were also present. Various representatives explained to the Board their common problems. All lack space and have waiting lists

Guest preacher invited for church celebration

The Rev. Calvin Doka, superintendent of Missions for the Synod of Alberta of

the Presbyterian Church, will be the anniversary preacher at Services on Sunday to celebrate the 10th anniversary of the founding of Braeside Presbyterian Church in St. Albert. Having been closely associated with the Congregation from the early years of its beginning he has maintained a strong tie with the growth and development of Braeside Presbyterian as Missions' Superintendent.

Born and raised of Hungarian parents on a farm in Kipling, Saskatchewan, his

Organizers prepare for summer camp

Once again this year Camp Lacombe is opening its gates to the youth of St. Albert, to share in another fun-filled summer at Lac Ste. Anne. Camp Lacombe is a St. Albert parish sponsored camp, open to all young people in St. Albert. The camp has been in operation for seven years and each

year has seen improvements. Young people from St. Albert are now in the process of being trained in such things as canoeing, swimming, arts and crafts, and all other activities associated with camping.

Last year a group of men constructed 10 new fibre-glass canoes to add to the four canoes that the camp previously owned. These four canoes were used on the Sturgeon River and Lac Ste. Anne by such people as Father Lacombe and the early settlers.

The young people who attend the camp are challenged

to re-live the experiences of the early pioneers of whom St. Albert is so proud.

Camp Lacombe provides a swimming program accredited by the Red Cross. Swimming programs so organized give the campers their badges.

The camp councillors are presently attending workshops in arts and crafts. Once again Mr. Ross Johnson (principal of St. Albert High) is director of the camp. Assisting him is Miss Sue Hoffart. Sue is well known in athletic circles, at present she is representing the U of A in track meets across

Canada.

The other staff involved are experienced counsellors in the activities of a camp. Registration forms will be

distributed at all the schools in St. Albert within the next two weeks.

Seven camps run from June 30 to August 11 to

accommodate boys and girls in age categories.

For further information contact Mrs. Dixie Nachtigal - 458-1109.

AROUND TOWN

A. Rapati of 20 Mission are happy to have as guests Mrs. Muldon and son from Atherton, California, who arrived April 8 for a visit over the Easter holidays. The visitors are renewing acquaintances with other old friends in St. Albert as well.

** ** *

Barbara Wheatley arrived back at the first of the week from a week's visit in Rome. Barb, who is working at the University of Alberta with the Cystic Fibrosis Association, was on tour with a group of nurses from throughout the province, and part of their time was devoted to a tour of a hospital in Rome, and discussions with the administration and staff.

** ** *

Society will visit AGT Museum

The regular monthly meeting of the St. Albert Historical Society which was previously announced for April 18, has been rescheduled for April 25 to avoid any conflicts with the Easter holidays.

This month the Society will be the guests of Mr. Tony Cashman, curator of the Alberta Government Telephones' Museum in the AGT Building in Edmonton.

Members or anyone interested in attending this program, which will include a tour of the AGT Museum and a talk by Mr. Cashman are asked to meet at the Father Lacombe Museum on Thursday, April 25 at 7:30 p.m. where rides into Edmonton will be arranged.

Local woman heads special parents group

Approximately 30 parents attended a meeting and social evening at the Eric Cormack Centre, a hospital for multiple handicapped children in Edmonton on Friday evening, April 5.

The parents were interested in forming an active group to formulate priorities and plans to enhance the comforts of the patients, and elected an executive at the meeting.

Mrs. E. A. (Marg) Davis was elected president, Mrs.

D'Amico, vice-president, Mrs. D. Gilbert, secretary treasurer and Mr. R. Finch and Mrs. J. Coin will serve as directors. Both Mrs. Davis of St. Albert and Mrs. D'Amico worked for many years in a parent group to support Exceptional children at Red Deer.

Special guests of the meeting were Mrs. P. Neville and Mrs. Marion Davis, representing the Hospital Administration, who will be working very closely with the parents organization.

The group enjoyed speeches by Colonel Eric Cormack and Dr. Perry Kincade.

Lunch was served to the music of the very talented young artist, Doreen Kostyniuk, and at the piano was Mrs. Cormack, who led the group in songs of the past.

The next meeting will be held at the Centre on May 7 at 7 p.m. and all parents are invited.

Public Meeting

Take notice that a public meeting of the electors of the Town of St. Albert will be held at 8:00 p.m. on Monday, April 29, 1974 in the St. Albert Community Hall on Perron Street for discussion of Town Administration.

R. B. Bowen,
Town Clerk,

Noted speakers join pro-life rally

Dr. Charles E. Rice, professor of constitutional law at Notre Dame University in Indiana, is the principal speaker among four participating in the first major pro-life rally ever staged in Alberta on April 18 in Edmonton.

Other speakers will be Sister Frances Cabrini of Montreal, formerly of Edmonton; Dr. Bernard Brossseau of Bonnyville; and Teresa Ann Parsons, president of the Voice of the Unborn Association of Alberta who are sponsoring the rally.

Sister Frances Cabrini, who was director of the former Pineview Home for unwed mothers in Edmonton, is now director of five similar homes in Montreal.

Dr. Rice, a leader in the pro-life movement and well-known for his writings and coast-to-coast lectures on law and morality, was formerly professor of law at Fordham University.

He is a dynamic speaker and has published four books. One of his books, *The Vanishing Right to Life*, is on the topic that forms the theme for the April 18 rally.

The Pitch Singers, under the direction of Father Duchesneau, will entertain at the beginning and end of the rally with favorite selections from their two operas, *Spellbound* and *Our House*.

WI demonstrate quilting

The March meeting of the St. Albert Women's Institute was held at the home of Mrs. L. Moore.

The handicraft for the evening, Inkle weaving, a primitive method, was demonstrated by Mrs. Sharon Taylor.

Mrs. M. Henry presided over the meeting in the absence of the president and the vice-president.

The recent bake sale was very successful reported Mrs. L. Fuhr, the convenor.

The ladies of the group will be demonstrating quilting during "Pioneer Days" to be held at The Bay, April 19 - 20. Materials for a quilt have been purchased and quilting is now underway.

On May 4 the Constituency Conference will be held in Edmonton. The Provincial Conference will be in June. Mrs. J. Melnyk, the Constituency Convenor, was guest speaker for the evening.

The next meeting will be April 26 at the home of Mrs. Claire Bonneville, Northgate Motel. Sally Merchant of the Dominion of Canada Consumer Affairs will be the speaker for the evening.

Around Town

The St. Albert Chapter of the AARN will be holding their wind-up dinner meeting on Wednesday, April 17 at the St. Albert Inn. The evening will begin with cocktails at 6 p.m., dinner at 7 p.m. and the business meeting is due to start at 8 p.m. There will be a review of the year's activities and nominations for next year's council. For reservations and further information please phone Kathy Riddell at 459-6029.

munty Hall. Models and fashions will be provided by the Bay. Dessert and coffee will be served.

Mr. Mielenk stopped by this week to say that he had gathered two pages of signatures on a petition requesting bus passes for St. Albert senior citizens, and had taken them to Mayor Ray Gibson.

Residents are reminded to leave their porch lights on and welcome the local women who are canvassing one night only, next Monday, in support of the Canadian Cancer Crusade.

Singers Preacher

Continued from page 1.

Continued from page 1. crowds and selections from two operas in the group's repertoire were made. The operas are "Spellbound" and a new one entitled "Our House."

Many hours of hard work practising, rehearsing and polishing the performance have been undertaken, with careful and thoughtful attention to the arrangements and overall musical excellence for which Pitch strives.

"Our House" will be part of a performance scheduled in St. Albert on April 26, a two hour program by both the Pitch and Spice singers and musicians.

The young people will be accompanied by two groups of adults, serving as counsellors and organizers and will be away from August 18 to 24. They will travel on three chartered buses and will have five days at the Fair.

Delegation

Continued from page 1.

and they experience difficulty in ordering and storing supplies. All were in favor of board-operated kindergartens. They wished to see the Board control matters such as teacher hiring, busing, acquisition of materials, etc., but they expressed a desire that strong parental involvement should continue. The point Mrs. Fretwell made about the advantages to be gained from excellent facilities within the grade schools was repeated.

Members of the Board explained again that lack of classroom space is one of the major problems. Mr. Charlie Schroder, chairman of the School Board, suggested that representatives of kindergartens and parent organizations should meet with a committee from the School Board on Monday, April 22 to discuss various ways to establish a co-operative kindergarten.

The Board then returned to the District No 6 offices for the remainder of the meeting.

One of the first subjects discussed was the proposed school sites in Akinsdale. Mr. Wayne Gordon from the Town of St. Albert was pre-

early education was in a one room country school house. After high school in Kipling and Regina he attended Regina Normal School. During the depression years he taught in the rural schools of Saskatchewan and subsequently was appointed principal of his home town school.

In response to a call from God to prepare for the Christian ministry Calvin Doka went to Hamilton Ontario and McMaster University where he graduated in Arts with a major in Philosophy. After three more years of study, this time at Knox College, Toronto, one of the Presbyterian seminaries in Canada, he was ordained to the Christian ministry in the Presbyterian Church.

Mr. Doka's first congregation was in Abbotsford, British Columbia where he was appointed in 1950. During his 12 years of ministry in Abbotsford he established

a two language congregation, English and Hungarian, as well as initiated Christian mission work among the Hungarian immigrants in the Vancouver area.

In 1962 Calvin Doka accepted a Call to become the minister of Knox Church, Calgary. Under his ministry the congregation grew and developed to the point where they were able to use to the maximum their beautiful, new, spacious church building in south-west Calgary.

In 1967 Mr. Doka left Knox Church to accept the appointment as Superintendent of Missions for the Synod of Alberta. Subsequently his area of responsibility has increased to include north Saskatchewan as well. As Superintendent of Missions his duties include the oversight of many small mission congregations both rural and urban. He also has a most important role in the establishment of new congregations, especially in the suburban areas of Calgary and Edmonton. Several such congregations are presently in the planning stages.

Mr. Doka is married with a family of five children, two boys and three girls. The Dokas presently make their home in Calgary.

As the guest preacher for the 10th Anniversary of Braeside Presbyterian the Rev. Calvin Doka will give the Proclamation at both the morning and evening services on April 21. In the morning at 11:00, his sermon title will be "Backward Glance and Forward Look." At the evening service the Rev. Dr. Jesse Bigelow of Westmount Presbyterian

will also be assisting in the leadership of the Worship. The sermon by Mr. Doka at this service will be entitled, "The Power and Heart of the Church." Special music will be offered by the choirs of Braeside Presbyterian at both services. A very cordial welcome is extended to all to come and share in these celebrations of the Worship of God for His great faithfulness to His Church.

Unique gallery honours Winnipeg Centennial

Something new and exciting has been added to the Manitoba Museum of Man and Nature in the city of Winnipeg -- a new Urban Gallery in honor of the city's centennial in 1974.

The Urban Gallery is unique in North America. It is divided into three main sections -- past, present, and future. At the entrance to the gallery, an historical diorama depicts the junction of the Red and Assiniboine Rivers prior to European settlement.

The largest display area is comprised of a street from the "boom town" era of the 1920s, the period of greatest population growth in Winnipeg. This area reveals all elements of city life.

From the 1920 street scene, the Urban Gallery leads to a study of modern ecological, historical, political, and social problems plaguing modern cities today.

The cities of the future

The Editor:

Recently, I spoke to the wives of two of our local hockey coaches. Both informed me that their husbands have had to literally buy ice time elsewhere, as there is not enough available here in St. Albert.

These men (and women) have given freely of their

time and energy to see that our children are able to enjoy the sport of hockey. Is it really necessary that they should have to give from their own pockets as well? Where is the minor hockey association and are they contributing as well?

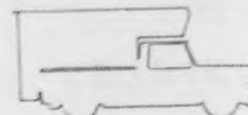

Elaine Supple,
Grandin Park.

Buying Ice

and his relationships with nature and the universe are probed, examined in depth, and exhibited with imagination.

section co-relates man with his impending problems of over-population and shortages of resources, as well as howing ways in which an ideal city could be formed with careful urban planning.

The Urban Gallery is the third major gallery at the Manitoba Museum of Man and Nature, a unique interpretive centre in which man

Defence Department to hire students

Nearly 9,000 Canadian students will be hired by the Department of National Defence this summer under its Student Summer Employment and Activity Program (SSEAP). The cost will be \$5,185,000 and is part of the overall federal government youth employment program.

The program is designed to offer students employment that provides satisfaction, benefits the community and offers training that provides a challenge, promotes physical fitness, and stimulates interest in the Canadian Forces.

ces.

There are four sub-programs similar to those conducted during the past four summers.

Program one selection is now going on, conducted by civilian personnel officers at selected bases and stations across the nation. They will augment the normal personnel resources to perform necessary tasks ranging from grass cutting and window washing to computer operations. Some 364 students will be involved.

Program two is designed to provide cash - \$650,000, that will allow 3,700 youngsters to be added to the normal intake for cadet summer training. These cadets must be 13 but not over 19.

Program three is the largest, 4,320 students for \$3,800,000. It is a reserve training program with the bulk enrolling for the first time.

Program four is for community assistance, involving 390 students at a cost of \$300,000. The aim is to develop in youth the attributes of good citizenship and leadership by participation in community projects.

Applicants for programs three and four must be 17 years of age at the start of the program and not have reached their 25th birthday by December 31, 1973.

Those interested in program three can apply to their local reserve unit or to a Canada Manpower Centre. Program four applicants must report to a Canada Manpower Centre.

Westmount Presbyterian Church was crowded with friends and associates paying final tributes of respect and affection to Lawrence Garth Peterson at the funeral service held Saturday, April 13. Mr. Peterson died on April 11 at the age of 42 years.

The Rev. Dr. J. E. Bigelow, minister of the Westmount Church, and the Rev. Noel Gordon, minister of Braeside Presbyterian Church in St. Albert conducted the service. The choir of Braeside Church was joined by the St. Albert Singers at their request, as Garth had been a member of the group. Organist was Mrs. Gwen Hoge and soloist John Craig sang "The Lord is My Shepherd."

Honourary pallbearers were Lloyd Atwell, Bruce Bell, Jim Byrne, Denny Devine, Bill Elun, Rocky Holman, Jack Horner, Len Huebert, Harry Kozyna, Don Lacroix, Herb McIlveen, John Moore, Herb Pearce, Bruce Robertson, John Tooth, Abe Unger, Mario Vacirca, Ted Willson.

Serving as active pallbearers were Bill Bissonnette, Roy Evans, Harry Hutchings, John Koderle, Frank Schram and Don Smith.

Rev. Gordon spoke on the words of the apostle Paul "Death - Where is Thy Sting," in the light of the Easter message of the Resurrection, the cornerstone of the Christian faith. He said that Garth's inner peace and brightness of spirit had been an inspiration to his family and those

Respected citizen dies at 42

GARTH PETERSON

privileged to visit with him in the last stages of his terminal illness.

Cremation followed.

Women of the Burning Bush Circle served refreshments in the Christian Education Wing following the service.

Mr. Peterson purchased Jim Byrne Men's Wear on February 1st, 1973, after 11 years working there on a part time basis. He was with Canada Packers for 21 years, beginning with the accounting department in Moose Jaw, Saskatchewan,

and transferring to the Edmonton office in 1962, and moving up to the position of accounts manager.

Prior to being stricken with cancer a year ago, Garth served on the executive of the Language and Learning Development Association and the Evelyn Unger School for nine years. He was the first parent to follow Mrs. Unger, founder of the School, as president of the Association. He was very active as vice-president for three years and then as president for two years. In addition he was actively involved for six years as vice chairman on the Evelyn Unger School Board of Governors. The Peterson's daughter Patti was one of the first children to join the school, in the second term, 1965.

Garth's contribution to our work, said Mrs. Unger was always positive and was made with total dedication. His guidance and

foresight will always be with us. At no given time was a task or request too great for him to accept.

Concluding her tribute, Mrs. Unger said Garth's contribution will always be with us. "May God Bless him."

Mr. Peterson is survived by his loving wife, Joanne (Pal); one son and three daughters; Douglas, Geraldine, Patricia and Paula, all at home; his loving parents; Mr. and Mrs. Lynn Peterson of Moose Jaw, Saskatchewan; three brothers and two sisters; Aubrey of Toronto, Ontario; Marvin of Terrace, British Columbia; Grant of Calgary, Alberta; Mrs. Marlene Burgess of Saskatoon, Saskatchewan and Mrs. Sharon Griffin of Guatemala, Central America.

Memorials may be made to the Alberta Division of the Canadian Cancer Society, or to the Evelyn Unger School for Language and Learning Development.

Aid service new numbers

Telephone numbers changed March 1st for Aid Service of Edmonton. Information number is 426-3242 and the Distress Line number is 426-4252.

The Distress Line is looking for volunteer telephone listeners. They require all volunteers to be mature, stable people, able to communicate with others in need in an understanding and empathetic way. They must be warm, compassionate people with good listening ability.

All volunteers are screened for suitability and receive a training program prior to assignment.

Anyone interested who would like to know more about the program, contact the volunteer co-ordinator at 426-3242.

Chamber honours Gervais team

Hec Gervais and his team were special guests of the St. Albert and District Chamber of Commerce at their April 10 meeting, when Mr. Gervais was the guest speaker, and the Chamber honored the curlers.

Hec gave an interesting talk on the team's trip to Berne, Switzerland, where they represented Canada at the Silver Broom. Along with Mr. Gervais, Mr. Darryl Sutton and Mr. Warren Hansen also gave members of the Chamber some insights into past Canadian Brier championships.

President Art Bickerstaff thanked Hector for his talk and for the excellent work he and his rink did in representing St. Albert and creating so much goodwill. On behalf of the Chamber he made a presentation of a gold engraved lighter to each member of the team.

Also in attendance were Mr. Chuck Holloway and Mr. Frank Teepai. Mr. Holloway made mention of a meeting, sponsored by the Canadian Chamber of Commerce, to be held April 20 at the St. Albert Inn on Action 74. The proceedings will begin at 6 p.m. with dinner at 6:30, followed by the meeting. Guest speaker will be Mr. F. R. Doward, and one of the topics for discussion will be structuring a Chamber of Commerce with emphasis on memberships and admini-

stration. All members and prospective members of the Chamber are requested to keep this date open to ensure a good turnout.

Under new business a question was raised as to the Chamber's participation in industrial development in St. Albert. President Bickerstaff felt it was a responsibility of the Chamber to be involved and called for volunteers to prepare a draft proposal to be forwarded to the Town for presentation to the Government of Alberta. Gerry Belke and L. Alsin volunteered their services.

Ray Gibbon moved that the Chamber of Commerce look into the document "Towards a New Planning Act" for Alberta, and forward their recommendations to the Town for presentation to the Government of Alberta.

A letter from the Kinsmen Club regarding participation in the annual Rodeo and parade was referred to

the executive and a letter from the Town on Anti-litter Week asking for suggestions and any assistance the Chamber could offer. The week is from May 6 - 12.

President Art Bickerstaff was appointed delegate to the 36th Annual Meeting being held in Red Deer.

SPORTS

Ontklean and Waunch score triple wins - badminton tourney

Betty Ontklean and Pat Waunch both emerged as triple trophy winners in the St. Albert Badminton Club's final tournament which concluded Monday evening, April 8. Betty won the B ladies singles defeating Beryl Harding in the final and later teamed with Beryl to win the ladies doubles over Donna Jackson and Janice Pula in the final. Her third trophy came in mixed doubles as she and Pat Waunch defeated Beryl Harding and Pete Pula in the most exciting match of the tournament. Pat's second trophy was in B mens singles as he defeated Miles Pratt in the final and he later teamed with Dave Mellor to take the mens doubles trophy by defeating Ian Abraham and Bob Sage in the final.

The C singles winners were two very promising juniors: Allan Musto and Vivian Servant. Allan defeated Lindsay Peterson in his final, while Vivian defeated Janice Pula in here. Secondary winners were Bill Leo-

nard and Lindsay Peterson for mens doubles, Bob Sage and June Victoor for mixed doubles.

Both of the St. Albert interclub teams finished high enough in the standings to enter the playoffs, both losing in the semi-finals. The B team, (consisting of Betty Ontklean, Beryl Harding, June Raven, Sandy Warren, Ian Abraham, Peter Pula, Miles Pratt, Dave Chalcraft) lost to Derrick 7-3. The C team (consisting of Janice Pula, Joan Green, Vivian Servant and Cindy Smith.) Allan Musto, Lindsay Peterson, Werner Loewen and Bob

Green lost their semi final to Kingsway (the eventual winners) 6-4.

The final party will be held either April 26 or 27 at which time the trophies for the final tournament winners and the most improved players will be presented. Club members interested in attending the party (and getting further details) are asked to phone June Raven by April 22.

The club, which this year had a record membership of near 100 persons, has three more playing dates after the Easter break - April 22, 25 and 29 before the end of the 1974 season.

Eagles take Senior Crown

Westlock Eagles defeated Leduc Oilers 7 - 3 last Thursday night in Westlock to win the Edmonton Central Hockey League and the Molson Trophy. Eagles dropped

the opening game (6-2) to the Oilers in the best of seven series but then roared back to win four straight. Eagles won 2-0, 5-2, 4-2 and the final 7-3.

The championship game saw Leduc take a 2-0 lead on goals by Dave and Jim Glasgow after only six minutes gone in the opening period. Eagles scored two goals late in the period to tie the score. Leo Provencal and Gary Hutnan tallied for Westlock.

The second period was all Eagles as Provencal, Len Haley and Hutnan scored to put Westlock ahead to stay by a 5-2 score. Wayne Rimmer made it 6-2 early in the third while Jim Glasgow scored Leduc's final goal midway through. Provencal added his third of the night on a breakaway

Comets banquet open

The Jasper Auto Parts Comets will hold their annual banquet and awards night Saturday, April 27 at the St. Albert Inn. Last week's Gazette had club members and special guests only, where as it should have been "everybody is welcome."

The supper gets underway at 5 p.m. sharp with the various trophies presented after.

Tickets are \$12 per couple (refreshments extra) and are available at the Sportshop - 459-5200 or from Claude Contant - 459-8651.

Master of ceremonies Bob Arnold of CJCA presents the "Big Iron" Bowl to Rebel captain Doug Geres with coaches Doug and Joyce Foreman. Syd Moore, one of the hard working organizers looks on from the left.

Minor Hockey Playoffs completed

The Kinsmen Minor Hockey schedule for the 1973-74 season came to an end last week with the finals in mite, peewee and bantam playoffs.

Last week's results showed the Canadians winning the Shaver B crown, whereas it was won by the Colts who won both games over the Canadians by 5-0 and 3-1 scores.

PEEWEE B:

Danny Nordholt's overtime goal gave the Tex-a-gos a 6-5 two game total goal series won over Melton Leaders. Tex-a-gos won the opener 4-2 and lost the final game 3-2 but took the series 6-5 in total goals.

BANTAM A:

Danny Rouault scored after 3:45 of overtime to give the St. Albert Seals a 5-4 two game series win over St. Albert Pharmacy. Seals won the opener 2-0 but lost the second 4-3.

BANTAM B:

I. Brindle and W. Orsen scored for the Hawks to give them a 2-0 win over the Maple Leafs who had won the opener 4-3 but lost the two game total goal series 5-4.

PEEWEE A:

Barons tied the Saints 2-2 in the second game and won the opener 4-0 to take the series 6-2. Tim Shipanoff and D. Deschamplain scored for the Barons while B. Ernest and H. Brubaker scored for the Saints.

MITE B:

A. Sagis' goal after 45 seconds of overtime gave the Dairy Queen a 2-2 tie

with the Flashers. Dairy Queen won the opener 5-4 and the two game series 7-6.

COACHES

All hockey coaches are reminded to please gather up all sweaters, socks and goal equipment so that next year's players will have it.

Bob Wallis (left) accepts the Tundra Transport trophy from donor Norm Tate as being the Most Popular Referee in the Kinsmen Minor Hockey League.

The St. Albert High girls gymnastic team coached by Diane Stoutenberg, who recently won the North Central Girls Aggregate Trophy and had five team members qualify to compete in the provincial competition at Lethbridge - Top row, left to right: Cindy Smith, Bernice McGillis, Patricia Sheehan, Jean McGillis, Cindy Reinbold. Bottom, left to right: Sue Kinsella, Pam Meakin, Maureen Harris, Madeline Caouette, Sarah Van Tighem, Gail Devlin, Paulette Poulin, Joan Sheehan is in the middle row.

Soccer practices begin next week

Due to the amount of snow still lying on the soccer fields the start of the local league games has been delayed until the week commencing May 31 to allow the grounds to dry off satisfactorily.

The selection of those boys who will be playing on the EMYSA representative teams is being finalized as players must be registered by name during the next two weeks. While these games are scheduled to commence on April 29 there is a strong possibility that some of those games scheduled during early May will be rescheduled to "make up" games later in the month of May.

This year we have registered two midget (15 - 16 years) teams in the same EMYSA league and as a result we still require about six more players to make up both teams. Outdoor practices for the midgets will start next weekend. Any boy with previous soccer experience, who will be 15 or 16 in 1974, and who wishes to try out for these teams phone Ken Armstrong at 459-8081 and provide your name, address, phone number and birth date.

We have 30 girls registered for soccer and two teams have been registered with the EMYSA girls league.

Local league teams will be finalized by April 31. We still have local league vacancies in all age groups especially for boys born in 1960 and 1961.

Registration forms are available at the Parks and Recreation Department at the Civic Centre.

Information on the soccer program can be obtained by phoning the Parks and Recreation Department during business hours and Kay Hopkins 459-7887 or Ken Armstrong 459-8081 during evenings and at weekends.

Tiger Goldstick of CFRN-TV presents Lory Moore of the Red Onion Rebels with a trophy for the top midget scorer in regular league play in the Kinsmen Minor Hockey League. Fred Falk of the Kinsmen Club looks on.

St. Albert REC. NEWS

Announcements about recreational activities being carried on in St. Albert appear in this column through the courtesy of the editor. It is, however, impossible to refer to them all each week. Information can be obtained by phoning the Department of Recreation at 459-6601.

Most winter activities are drawing to a close after a busy season and summer programs are being planned. St. Albert has a very high proportion of young people and each year there is increased participation in all activities and more coaches than ever will be required for outdoor sports this year: baseball, soccer, softball, etc. So, when planning for summer, try and include some time for coaching or managing a team of boys or girls. Phone the Recreation Department if you feel like volunteering your services or if you would like information about what goes on in

St. Albert during the summer

LOST AND FOUND: Articles left at the rinks and arena are now at the Town Hall in the Recreation Department. They include skates, boots, mitts, jackets etc. and all will be disposed of if not claimed immediately.

GIRLS SOFTBALL:

The last opportunity to register in the softball program (8 - 16 years), sponsored by the Hercules Sports Association, will be on Saturday, April 20 from 10 a.m. to 12 noon at Sir George Simpson School. The fee for registering in the Association is \$5 for a single membership and \$7 for a family. The family membership entitles members of a family to participate in any Hercules program, including soccer and girls' softball.

Registration forms, which require the signature of a parent or guardian, will be available at the time of registration.

FAMILY CAMPING:

The St. Albert 69'ers Family Camping Club was formed in 1969 with the purpose of promoting better camping and to allow members to exchange information on camping facilities available.

Anyone interested in learning about the activities of the club is invited to phone Mr. and Mrs. Brige at 459-8290. Members meet on the third Sunday of each month.

Square dancers windup

The "Saints 'n Sinners," St. Albert's own Square Dance Club, will be holding their gala windup dance of the 1973/74 season, Saturday, April 20. This is one of the biggest events of the square dance year, with well over 100 dancers from various clubs expected to attend. Pie and ice cream will be served after the dance, which will be held in Sir Alexander Mackenzie School. All dancers are invited to attend.

Big Iron ticket winners

A number of persons holding winning ticket stubs from the "Big Iron" midget hockey tournament have not claimed their prizes as yet. Lucky ticket numbers are

as follows: 131 - 136 - 142 - 216 - 242 - 387 - 390 - 428 - 510.

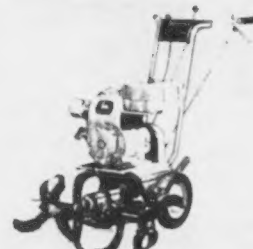

If you have one of these please drop in at the Sportshop and claim your prize.

Local Fish & Game wins Pheasant trophy

The St. Albert Fish and Game Association won the trophy put up by the Alberta Fish and Game for the best pheasant raising program in the province in the year. The local association was assisted in this project by district farmers, Bill Boccock, Doug Hill, Albert Lesburg and Hector Quintal. Without the effort and conciliatory work of these men it would not have been possible to have a successful program, said publicity chairman John Ficht, or to win the trophy. Mr. Quintal provided eggs for hatching and the club did some incubation this year, resulting in 27 young birds.

Last count indicated that over 200 birds will be released in the district areas where they were raised, after the snow is gone. Fish and Game members feel a responsibility to ensure a continuing game population and are appreciative of the fact that this winter was a tough one for both upland birds and big game. The pheasant raising program will be continued by the St.

Albert Association again this year and plans are already in the making.

The Association regrets the error in information given that the master of ceremonies at their wild game banquet was Reeve Bill Flynn. In fact it was MD Councillor Walter Van de Walle who did an excellent job as emcee for that evening.

A fairly good turnout at the April 4 meeting thoroughly enjoyed the performance of an Irish setter and guest speakers John Murphy and Sean Kelly from the Central Alberta Pointers and Setters Club, who also showed two films on what dogs mean to hunters and how to train them.

Program Chairman Don Hayden has procured a great film 'The Way of the Trout' for the next meeting. It is a beautiful wild life film with exceptionally fine photography and well worth seeing.

Mr. Ficht expects the new club jackets will be in by the end of the month.

The St. Albert Fish and Game Association are holding an Adult Fishing Clinic - open to interested people 15 years and older - at Sir George Simpson School April 24, 25 and 26.

Classes begin at 7:30 p.m. and will last until about 10 p.m. Wednesday's session will be on fly casting with a talk and demonstration on casting and equipment, plus a short fly tying demonstration.

General fishing techniques will be reviewed Thursday evening, covering bait casting, spin casting and spinning, and related equipment.

On Friday evening the topic is fly fishing techniques, with lecture and demonstrations.

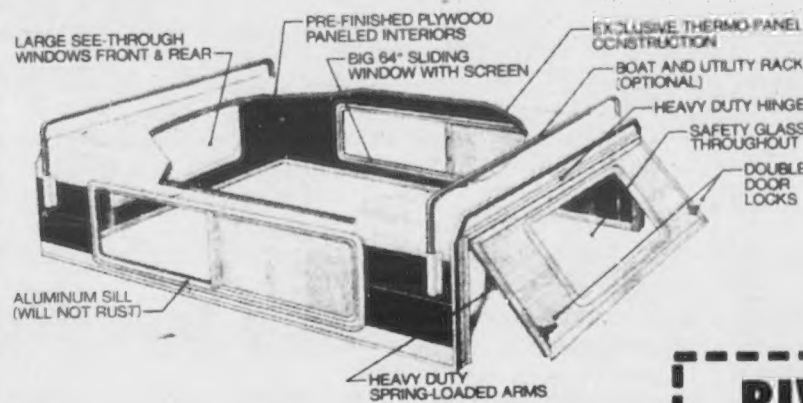

Work on the Calahoo Arena is going extremely well lately with the coming of warm weather and a very enthusiastic group of volunteers. Easter weekend saw a number of people working in the building putting up the foyer windows and the roof vents. The picture was taken Easter Sunday looking south from the main road.

Champs by default

St. Albert Juveniles were awarded the league championship when Stony Plain refused to meet game arrangements to complete their best of five series which were tied at one game each. St.

Albert had ice time available but for some reason or other Stony refused to play. It's unfortunate this type of thing had to spoil an excellent season for the two teams.

APRIL 1ST
residence -- 459-7072
BUSINESS -- 459-7771

Thanks to the tremendous support of the community and all those who worked so hard, it is hoped to make this an annual event.

A highlight of the afternoon was a fashion show put on by Eleanor Baxandall of Stretch Couture in St. Albert. Some of her students modelled outfits they had made for themselves and their families. Despite the weatherman's untimely intrusion the emphasis was on spring. Many thanks to Eleanor and her girls for their most enjoyable contribution. A baking contest was held

for the Guides of the District, and ribbons awarded for their very appetizing entries (obviously some good cooks are in the making). In the category for 10 and 11 year olds, first place went to Christine Molesko from 4th Company for her Pineapple Cheese Pie; 2nd place to Michelle Emson of 1st Company for her Orange Clifton Cake; and 3rd place to Donita Rokosh of 4th Company for her Apple Muffins. In the category for 12 years and older, 1st place went to Debbie Harsch of 1st Company for her Cinnamon Buns. 2nd place to Lori Lukanuk of 1st Company for her Brownie Squares; and 3rd place to Marilyn Kelly of 6th Company for her artistic Easter Bunny Cake. Many thanks to the panel of judges: Wref O'Hara, St. Albert Division Commissioner; Charlotte Jeffares, Sturgeon District Commissioner; Marlon Kay, Grandin District Commissioner; and Iris Bruce, MacKenzie District Guider.

The 1st St. Albert Ranger Company was in attendance decorating Easter Eggs which the girls themselves had made.

An afghan, crocheted in multicolored granny squares was the door prize. This required many hours of work by a number of mothers aided by Marge Burns, Joan Kelly, and Doreen Larson. The envied winner of this beautiful work was Carola Peel of St. Michael Street. The second prize of a swag lamp, made and donated by Edsie Kline, was won by Wendy Hawkins of Grandville Place.

The executive of the MacKenzie District Local Association, all the mothers who gave so generously of their time and talents; the Guides and Brownies and their leaders, deserve credit for this fine effort, through which funds were raised for camping experiences for all the Brownies and Guides of MacKenzie District.

NFB film goes to Cannes

"Hunger" ("La Faim"), an animated film produced by computer, from the National Film Board will be the official Canadian entry in the short film competition at this year's Cannes Film Festival, May 9 - 23.

This will mark the third consecutive year that a short from the NFB represents Canada at the Cannes Festival. Last year's entry, "Balabok," took away a prestigious Palme d'Or.

"Hunger," which was made by Peter Foides, presents a startling picture of man at his worst -- glutting himself to the point of death. The film shows an affluent man, whose lust to eat

everything he sees leads him to a crude and sardonic end -- at the hands of a mob of starving humans.

Foides, who is one of the few film artists using computers, was awarded a special diploma for his film "Metadada," which represented the NFB at the 1972 Oberhausen Short Film Festival.

St. Albert Presbyterian Church marks first decade

On Sunday, April 21, the Braeside Presbyterian Church will celebrate 10 years of worship and witness in St. Albert. Special services have been planned to mark the occasion with the Rev. Calvin Doka as guest preacher.

Almost to the day will the Services on Sunday mark 10 years for Braeside Presbyterian. It was April 19, 1964 that the founding service was held in Sir George Simpson School Library. It was a Service of Holy Communion with 35 Charter Members present.

This founding service had been preceded by an organizational meeting the previous September at the home of Mr. and Mrs. J. M. Park-er, St. Albert. The Interim-Moderator appointed by the Presbytery of Edmonton as Minister in charge of the St. Albert congregation was the Rev. Jesse Bigelow, Minister of Westmount Presbyterian Church. The first members of the Interim Kirk Session, the ruling court of the congregation, were J. A. Gurrard, Dr. G. Hodgson and J. Bramley Moore.

On May 8, 1964 the congregation took an option to buy the land of the present church site at the corners of Sir Winston Churchill Avenue, Bishop Street and Bernard Drive in the Braeside district. Later in 1964 these members of the congregation, Gordon McBroom, John Hostler and Andy VanDer Straten were elected and ordained to the Eldership of the Church and joined the Kirk Session. The first members of the Board of Managers elected the same year were: Bill Blissett, Herb McIlveen, Brad Harvey, Garth Peterson and John Hostler.

In July of 1964 the first minister of Braeside Presbyterian, the Rev. W. D. (Biff) Jarvis was appointed by the Board of Missions of the Presbyterian Church in Canada. The Service of Re-

cognition for Mr. Jarvis by the Presbytery of Edmonton was held on September 11, 1964.

In 1965 two more elders were elected and ordained, Mr. Bill Blissett and Albert Vandenberg. In 1966 consultations began for the erection of a church building and financing was arranged.

On Sunday, March 24, 1968 the sod was turned for the new church building by the Chairman of the Building Committee, Bill Lowrie. Submissions for the name of the congregation were also received and the name "Braeside," suggested by Mr. Lowrie was selected. The first Kirk Session meeting in the new building was held in September 1968. On October 20, 1968 the new Braeside Presbyterian Church building was officially opened with a Service of Dedication by the Presbytery of Edmonton.

In June of 1969 the Rev. W. D. Jarvis left St. Albert to accept a call to minister to a Presbyterian congregation in Ontario. In September of the same year the Rev. J. M. Murdoch was appointed Minister of Braeside Presbyterian and in November Mr. Dave Adlard was ordained to the Eldership.

The resignation of Mr. Murdoch as Minister was received in September 1970 after one year of ministry in St. Albert. In March of 1971 two more members were elected to the Kirk Session and ordained to the Eldership, Gerth Peterson and Bill Hanna.

In the spring of 1971 the Rev. Noel Gordon was appointed Minister of the Church upon his graduation from Knox College, Toronto. He was ordained to the Christian Ministry and recognized as the Minister of Braeside Presbyterian by the Presbytery of Edmonton on June 22, 1971. Sharing in the leadership of this Service

of Ordination and Recognition was the Rev. Russell Gordon, the new minister's father from London, Ontario.

During the spring and summer of 1972 the work of landscaping the church property was begun with grass seeding and shrub planting. That September the first member of the congregation to be licensed to preach the Gospel, Dorcas Gordon, was so licensed in a service at the church by the Presbytery of Edmonton.

On the night of Jan. 22, in 1973, fire caused considerable damage to the roof and upper area of the church building, while smoke and water damage was considerable throughout the rest of the building. Repairs were begun immediately and completed in time for the Service of Induction of the Rev. Noel Gordon as the Minister of Braeside Presbyterian, called by the congregation. In March a special Service of Thanksgiving to God was celebrated to mark the renovations and repairs necessitated by the fire.

In August the second annual Vacation Bible School was held by the church for the children of the town. The 139 students who registered and the 22 staff taxed the facilities of the church building to the limit.

At a special meeting of the congregation on February 2, 1974 three more members were elected to the Eldership, Arlene Anderson, Larry Boslak, and Lloyd Sherburne. Mrs. Anderson is the first woman in the history of the congregation to be elected to the duties and high responsibility of being an Elder.

On April 11, 1974 the congregation was deeply saddened by the first death of one of its elders, Gerth Peterson. The funeral service, full to overflowing, held at Westmount Presbyterian Church was characterized by a strong note of triumphant joy in Jesus Christ and

Sod turning ceremony for the new Braeside Presbyterian Church took place March 24, 1968, with building committee chairman Bill Lowrie ready with his shovel while the Rev. Biff Jarvis asks a blessing on the project. The church marks 10 years in St. Albert this Sunday.

His victory over death for Christians - a tribute to the glory of God in one of His servants.

This Sunday, April 21, will mark a happy day in the exciting and challenging first 10 years of Christian wor-

ship and witness of Braeside Presbyterian Church. The Anniversary Committee of Audrey Kenny, Herb McIlveen and Loyd Sherburne have been hard at work on preparations. Following the two Services of Worship at

11 a.m. and 7:30 p.m. light refreshments will be served and a social hour enjoyed. A big warm welcome from the congregation is extended to all St. Albert to come and share in these services to the greater glory of God.

Health Unit can assist if flooding occurs

The Sturgeon Health Unit has prepared material on steps that can be taken to protect water supplies, sanitary facilities, utilities, food and drugs and for the restoration of property in the event of spring flooding.

It states that water which has flooded premises is the product of snow and ice melt which has been exposed to manure, filth, human waste and sewage, and is a threat to human health.

According to the report water supplies are normally the first to be affected and boiling a minimum of 10 minutes is a method of ensuring safety. Water may also be treated chemically with chlorine or iodine.

SANITARY FACILITIES:

Sanitary facilities are quite likely to be affected. If a water carried plumbing and drainage system is installed, efforts toward preventing the sanitary sewer backing up into the building will make the future clean-up considerably easier. Where possible drains should be plugged off to prevent back-flow. The Health Unit warns people not to attempt to use the system unless certain the sewer is open and the drainage facility functioning.

UTILITIES:

Precautions should be taken to ensure safety. The action taken will be dependent on the type or means of heating and in particu-

lar whether the area is subject to flooding. It may be especially important in respect to the power supply and services. Don't take chances - if in doubt seek out the advice of an expert. You may save yourself an accident.

FOOD AND DRUGS:

Foods and drugs which have been exposed to flood waters may be highly contaminated from the water's exposure to sewage and human wastes. Foods and drugs that have been exposed should be considered contaminated and be examined, sorted, properly treated or discarded, and further information is available from the Health Unit on canned foods, vegetables, fruit, dried foods, meat, bottled beverages and medicines and drugs.

CLEAN-UP:

Advice on cleaning up and restoring flooded areas is also given. Areas which are thoroughly cleaned and properly disinfected will be less likely to develop the damp musty odor.

In some cases it may be necessary to lift floor coverings in order to thoroughly clean and effectively sanitize. Sections of the wall covering may have to be removed in order to effectively dry insulation and prevent odor. Insulation may have to be removed in some cases.

WELL & WATER SYSTEM

Wells and cisterns contaminated by flood waters must be treated before being put back into service. Wells should be thoroughly pumped out then chlorinated. Cisterns should be emptied and the walls and floor thoroughly scrubbed before being refilled. The fresh water should be chlorinated by adding one (1) tablespoon of chlorine (Javex or Perfex) for each 200 gallons of water added. Further information is available at the Health Unit.

SEPTIC TANK & FIELD:

A septic tank and field which has been flooded will be out of service for a long time unless steps are taken to restore it. The septic tank portion of the system (1st Compartment) should be unaffected. The dosing chamber (2nd Compartment with bell and syphon) should be pumped out to allow the field to dry. Do not attempt to pump out the system while any part of the field is under water.

The local Health Unit will provide further information.

Disaster services ready for flood threat

Disaster Services is co-ordinating the Alberta Government response to the continued potential flood threat for low-lying and flood-prone areas, and is advising municipalities on preparations that can and should be made.

All requests for assistance from the government or reports of flooding threats to critical points should be made to Alberta Disaster Services, 455-7181 (24 hrs.)

The Alberta Government has a stockpile of 150,000 sandbags, with an additional 100,000 on hand by mid-May. It is planned to hold stockpiles of these bags in Calgary, Red Deer, Edmonton and Grimshaw for necessary quick distribution. Requests for these sandbags must be directed to Alberta Disaster Services, and will be available for pickup at a 50 per cent cost of approximately 15¢ per bag. The Provincial Government will pay the remaining 50 percent.

It is not intended to issue any sandbags until a more definitive threat materializes. Disaster Services sug-

gests that municipalities should establish a flood watch on critical areas and assess locally available resources that may be required. They should also assess possible additional resources that may be required. All requests for Provincial Government or Federal Government (including Department of National Defence) assistance must be made by elected officials.

Establish or renew alerting and mobilization procedures of key personnel including representatives of utility companies, industry and volunteer agencies; de-

signate and make preliminary preparations for an emergency headquarters; identify possible additional communications requirements and alert AGT, citizens' Radio Clubs, etc., of possible needs; and implement any feasible and practical protective measures at critical and vulnerable installations, e.g., dyking by means of bulldozing or dumping earth around the site.

Library expansion reflects town growth

The Annual Report for 1973 of St. Albert Public Library shows continued growth in all aspects of the library's service. According to the report the collection was given top priority

for the year in an effort to reach a recognized minimum standard of two books per capita. An increase of 48 per cent was realized, bringing the total collection at year end to 26,151 volumes, which is 1.45 books per capita. Figures show that as the population of the town grew from 10,530 in 1969, to about 18,400 at year end 1973, the collection grew from 9,552 volumes to -- 26,151.

Adult non-fiction forms 34 per cent of the collection, followed by adult fiction at 21 per cent, juvenile fiction at 20 per cent, juvenile non-fiction 15 per cent with Young Adult and Paperbacks at five per cent each. The Library Board approved

the purchase of mass paperbacks in 1973 and by year end 1,248 volumes had been acquired, many through donations.

Many large print books were also purchased last year, in recognition of a need, as were books in the French language and a subscription to Paris Match, a weekly French magazine. Minutes of Town Council and School Board meetings were another addition during the year and the professional collection was expanded for the benefit of library staff and board members, local educators and other professionals.

Circulation passed the 100,000 mark, an increase of 52 per cent over the previous year.

The annual membership fee was dropped at the first of the year, in the belief that residents support the library through taxes. Hours of service were increased from 52, 60, 62 per week, the meeting room was used over 150 times and the projector over 75 times. The library ended the year in a facility already too small, the report noted, and facing continued rapid expansion of both services and collection. With revenues of \$82,030,

and expenditures of \$83,017, the library had a 1973 budget deficit of \$986. Municipal contribution of \$66,484 formed the major revenue source, with provincial grant of \$8,477, other receipts of \$3,483. A 1972 surplus of \$2,585 was carried forward.

Major expenditures were \$32,725 for salaries and wages, and \$27,450 for books, followed by \$7,881 for administration. Office expense of \$3,975; janitor service at \$3,175; rent at \$2,300; building and equipment maintenance at \$1,853 and utilities at \$1,478 accounted for most of the remainder.

Library Board members are Anne Hupehyn, incoming chairman; following Peter Wood, Anne Dickson, Robert Green, Lynda James, Shirley McCaffery and Tony Moore. Council representative on the board is Robert Hudson. Mayor Ray Gibbon is ex-officio member and Librarian Don Mills is executive secretary.

On staff with the librarian are Effie Nelson, technician; Clerks Val Crossley, Joyce Genereux and Chris Neys and Pages Christie Larkins, Susan Kimball and Tracey Anderson.

Writers Guild

Librarian Don Mills was the guest speaker at the April 4 meeting of the Stur-

geon Writers Guild. He made the members aware what a mine of information the library is for a writer. He had examples of the books likely to be of most use, indexes that tell where information; manuals and handbooks that are written on specific subjects; encyclopedias that are full of general information; and dictionaries that are specific and detailed. There were many how-to books on writing off the shelves as well as many books by excellent writers that can be used as sources of information by beginning writers. Don pointed out that no one need go farther than St. Albert to find a book. If it is not in the library it can be borrowed from wherever it is available.

MAKE YOUR DRYER CARRY A FULL LOAD.

It takes the same amount of electricity to dry a partial load as a full load. As long as clothes can tumble freely your dryer is not overloaded and you get full value from every kilowatt of electricity.

To prevent wrinkling and the need for ironing, remove the clothes from the dryer as soon as the tumbling stops. If ironing is necessary, remember that it is more economical to turn the iron on and off each time you use it than to leave the iron in the "on" position for extended periods of time. It is also a lot safer!

KEEPS 'EM ROLLING, RIGHT

Locals from Legal

By Lucienne Montpetit

Mr. and Mrs. Leon St. Martin have returned from their six month holiday in sunny California and are happy to be back home amongst their family and friends.

Mr. and Mrs. Louis Lafrence attended his sister's funeral in Terrace, B.C. Sincere sympathy to the bereaved family.

Mr. and Mrs. Bob Parent and family spent Easter with

Mr. and Mrs. Denis Parent in Vauxhall.

Mr. and Mrs. Rodney St. Martin are now in their new home.

Mrs. Claude Cyr accompanied her husband on a business trip to Lethbridge. She didn't enjoy her holiday to long because she was rushed to the Lethbridge Hospital to give birth to Claude Jr. born on March 31, weighing 6 lbs. 7 1/2 ozs. Congratulations Claude and Sylvia.

The godparents are Denis and Carmen Boissonnault.

Mr. Tony Pelletier is back home after spending some time in the hospital.

The copper enamelling course was completed last Tuesday. The ladies wish to thank their instructor Mrs. Mary Broda who gave so much of her time during the course. At the last lesson the ladies were pleased to have the visit of Mrs. Jean Smith from the Rec. Dept. The group presented Mrs. Broda with a token of appreciation and souvenir from her first copper enamelling class.

Mr. and Mrs. Favreau and daughters from Saskatchewan spent Easter with Mr. and Mrs. Rene Georget. Also visiting with relatives last weekend were Mr. and Mrs. Ron St. Jean and Chantel from Vermilion, Rita Larose and Jane Newell from Vegreville. Mr. and Mrs. Ronald Boisvert from St. Paul.

Get well wishes are extended to Mr. George Montpetit who is a patient at the Immaculata Hospital in Westlock.

Everyone is invited to attend the gala opening events of the Club 60 Roses on May 3, 4, 5. The bazaar will begin on May 3 at 7 p.m. On May 4 there will be a cribbage and whist tournament beginning at 2 p.m. with prizes. Sunday, May 5 there will be a baking contest with two categories. Adults and teens. All baking must be at the Club before 9 a.m. Judging will be from 9 a.m. - 10 a.m. Take your favorite recipes of pies, buns, cakes, cookies etc. and enter the contest.

The official opening will be in the afternoon on May 5 with entertainment to follow. Mark your calendars and attend the special events of that weekend.

By Norma Crozier

Namao School and Community will hold their annual meeting in the school gym on Monday, April 22 at 8 p.m. Annual reports and elections are in the agenda.

Mr. and Mrs. Doug Bowman have returned from a motor trip to Saskatchewan where they attended a wedding.

Congratulations to Mrs. Gladys Gibson on the birth of her first grandchild, a boy, Keith Lawrence, 7 lbs. 10 ozs. born to Karen and Leo Tachuk of Sherwood Park.

Baby congratulations also to Mr. and Mrs. Larry Paul on new baby Becki Lynn, a sister for Cheryl and Vernon and to grandmother, Mrs. Alma Paul.

Mr. Dan McKinley of Namao was married to Miss Wendy Edwards on April 6 at Wesley United Church in Prince Albert, Saskatchewan.

All Catholic families in the area are reminded of the church organizational meeting that will be held at 2 p.m. on Sunday, April 21 in the HUB.

Registration for boy's baseball, girls and women's softball, and boy's T-Ball will be held Monday, April 22 from 7 p.m. - 8 p.m. at Namao School. To register you will need: a birth certificate or proof of age for each player; a current membership in the Community League; and a fee of \$1 for each player.

The baseball organization will need volunteers - coaches, managers, umpires - in order to enter the league this year. If you wish to help, or if you have enquiries, please call - Leo Huber, 799-3849; Marlene Shultz, 799-6653 or Arlene Speers, 799-5931.

The annual meeting of the Namao School and Com-

Namao News

munity League will follow the ball registration at 8 p.m. in the school gym. It will not be necessary for players to register in person, so that anyone wishing to remain for the annual meeting may do so.

The Namao 4H Light Horse Club held their public speaking March 20. The senior winner was Bernadette Huber. The junior winner was Maria Huber. The judges were Mrs. Mary Clark and Mr. G. Larson. Mr. L. Huber was timekeeper.

The Namao 4H Light Horse Club held their monthly meeting April 10. It was decided to do the dishes for the Cotton Ball, April 19. On Sunday, April 21, at 1 p.m. there will be a work meeting held to make the blankets and banners. On

May 4 they will work the food booth at Herb Craig's auction. During the May 11 Gymkhana Dance, they will operate the coat check. The next monthly meeting will be May 8 at 7:30 p.m.

Village of Bon Accord

NOTICE OF PUBLIC MEETING

The Council of the Village of Bon Accord intends to enact a Zoning Bylaw pursuant to Section 119 of the Provincial Planning Act, 1970, as amended, for the purpose of controlling development within the Village of Bon Accord.

The new Zoning Bylaw #66 will repeal and replace the existing Development Control Bylaw #20/2, as amended.

The proposed Bylaw may be examined during normal business hours in the office of the Secretary-Treasurer at Bon Accord, Alberta.

The Public Hearing will be held in the Bon Accord Community Centre on Wednesday, May 1st at 8 p.m. in order to hear any objections or comments to the proposed Bylaw.

Objections shall be submitted in writing prior to the meeting. They will be received by the Secretary Treasurer at her office until 12:00 noon on May 1st, 1974. Those which have been received before the designated time will be discussed at the meeting before further oral presentations will be recognized.

Jean Chubb,
Secretary-Treasurer.

Majeau - Dunlop Wedding

The wedding of Allan Richard Majeau, son of Mrs. Dolly Majeau and the late Wilfred Majeau of Calahoo, and Lynn Ann Dunlop, daughter of Mr. and Mrs. Finley John Dunlop of Cadomin, Alberta, was solemnized March 16 in Edmonton.

Given in marriage by her father, the bride was lovely in a full-skirted white gown,

flowing into a long train and worn with a shoulder length veil. She wore a glistening tiara and carried a bouquet of red sweetheart roses.

The couple were attended by the bride's sister, Jeanette and her husband Raymond Majeau.

A reception followed in the Gazebo where a capacity crowd enjoyed the evening

and music by Louis and Natalie. D'Hoeft. Bill Stalker was the congenial master of ceremonies. The attractively decorated head table was centered by a three-tier wedding cake.

The bride's mother chose a pink and white ensemble with a corsage of tiny pink carnations and the mother of the groom wore a two-tone navy and white dress, with pink tights on corsage.

Out of town guests included the bride's sister Darlene from Yellowknife and her brother, Dale and his wife from Fernie, B.C., the groom's sister Vivian Flaherty and sister-in-law Doreen Majeau from Dawson Creek and guests from Rich Valley, Onoway, Stony Plain, and Edmonton, and the groom's parents from Cadomin.

The happy couple are making their home in Edmonton.

Namoo 4H club has been busy

By Jim Fewchuk

The Namoo 4H Beef Club has been very active these past few months. They have had two guest speakers out: Bill Plumbley from Master Feeds spoke on the proper balance feeding diet of our steers and veterinarian Dr. Marten, described some of the common diseases and how to cure and prevent them.

The members have had a few short courses from Parliamentary Procedure to public speaking. These have been taking place at the Bon Accord Hall.

Sports also was an active part of 4H these past weeks. First there was a bowling session at the Odeon Lanes in Rosslyn Shopping Centre. Then we spent a day curling at St. Albert. Two of our members - Will Mitchell and Wendy Bowman went to Westlock to curl in the Northwest Regional curling. The club held public speaking competitions at the home of two of the members

Terry and Myrna Vaculchik, on March 20. The winners for the Senior public speaking were Terry Vaculchik speaking on "Watch out for Metre." Second and third place for the seniors went to Gary Kluss and Jim Fewchuk. For the Junior public speaking the winners were Teresa Engley, speaking on "Our Automobile." Myrna Vaculchik and Jim Sweetnam came in second and third. The club would like to thank Mr. Bob Burns and Mrs. Anna Meakin, from the Double Diamond Multi Club for doing such a fine job of judging.

Linda Curial of R.R. #8, Edmonton, who is a student at St. Joseph's Composite High School won first place standing in the Alberta Fresh Vegetable Growers Show and the federal provincial 4H Achievement award. Linda's entry was in the Horticulture Display class. She also received a letter of congratulations from the assistant principal of the technical section of the school. Twenty-three judges were on hand to make the award selections, including Mr. Ted Hole of St. Albert.

THANK YOU

On behalf of Mr. Bert Petherbridge and myself, I would like to thank you for all the nice cards and flowers you sent us during our illness, namely, The Pyralis Sisters, The Ladies Auxiliary, Coronado U.C.W. 1 and 11, Anglican Church Women, and Last Round-Up Club, and all our dear relatives. Thanking you.

Katie Petherbridge.

MORINVILLE MEMOS

By Flo McGinnis

The town office advises us that on or about the first of June, AGT will be doing a survey in Morinville in order to prepare their new phone directory. Would residents please put up their house numbers as soon as possible, and thereby assist with the progress of the town. If, by June 1, there are 75 per cent of the house numbers up, then AGT will do a complete survey and place the street addresses in the directory. They require the information to be completed in June, so the sooner we get our house numbers up the better off we'll be.

On Sunday, April 7, well over 800 people from Morinville and surrounding district enjoyed the delicious spread at the annual Parish Supper. The members of the Parish Council express their thanks and appreciation to everyone who helped in any

way toward making the supper the great success that it was. A special thank you has been extended to the organizers of Rec Fest '74, for their well planned evening program which followed the supper.

Winner of the Hog Raffle, held in conjunction with the Parish Supper, was Peter Iseke of St. Albert. The hog (cut and wrapped) was donated by Dennis Devolder, and made a prize well worth winning. The decorated "Bunny Cake," which was made and donated by Mrs. Paul Froment was won by Ross Quinn.

A word of thanks, Macleod's Grand Opening was a great success due to your patronage. A special thank you to all of you from Henry, Doris and Lorraine. We look forward to serving you in the future.

Winners - Recliner chair Mrs. Sam White; Toy Elephant - Roderick Paul.

A report from the Morinville Library informs us that the exhibition from the Provincial Museum will be in the Library till the end of April. This display of 'Dolls and Toys' from the turn of the century is well worth a special visit to the library.

Tuesday, April 23 is the date of the Guides and Brownies Rummage Sale. You still have a few days to get your donations of useable clothing etc. to the drop-off point at Jo Anderson's. If you need information you may call Jo at 256-3280.

TOWN OF MORINVILLE

Notice of Public Hearing

The Council of the Town of Morinville having been given authority in Section 119 of the Planning Act, 1970, as amended, to control development within the boundaries of the Town of Morinville by zoning will hold a public meeting.

The purpose of the bylaw is to rezone the area from RX to R1 and RX to SP.

Gibbons Rangers take trip

By June Ruttan

Gibbons Ranger group flew to Fort Nelson, B.C., to attend their annual March carnival 'Rendezvous.' This was a memorable experience for all, first of all because of the plane ride, as no one had ever flown before. The Fort Nelson Girl Guides served a delicious pot luck supper the evening we arrived, after which we were billeted out at their homes.

The next few days were filled with watching activities such as flour packing contests, dog sled races, log sawing contests, ski-doo races, snowshoe races, hockey games, curling, talent shows, beard growing contests, tug-of-war, figure skating, bagpiping, fashion shows, parachutes and a pancake breakfast. Yvette Gaudmont and June Ruttan participated in the ladies tug-of-war with seven Fort Nelson students against the teachers. After a tremendous struggle the girls succeeded in defeating the teachers and

Winner of the flour packing contest at Fort Nelson carnival carried 870 pounds of 27 steps. The event was a favorite of the visiting Gibbons Rangers.

brought home the first place trophy.

A special treat for two of the girls was a helicopter ride provided by Mr. Huff of Fort Nelson. They had a tour of the area and were

shown various landmarks. The girls noticed that there was a great difference in landscape to what they were used to.

The girls especially enjoyed the Men's Flour Packing contest. Each contestant began with 550 pounds of flour on his back which he had to carry 40 yards. The final had two men each carrying 870 pounds of flour. The winner carried it 27 steps and the loser carried it 26 steps. As first prize the winner received 1,000 pounds of flour.

The flight home was delayed by 3 1/2 hours due to a blizzard in Grande Prairie.

The Rangers were supported by many local organizations and individuals who helped make the trip a big success. Much help was also received from Mrs. Irene Sprague, Mrs. Reedman and family and Mrs. Dillibaugh and family in Fort Nelson who opened their homes and made the girls feel more than welcome. It was appreciated very much.

Gibbons arena changes skyline

The skyline of Gibbons is changing! Local residents watch with great interest as their new arena takes shape.

The Sturgeon River Agricultural Society is the moving force behind the new arena, but they are receiving the wholehearted support of every organization and individual in the town, and area.

The arena, with an opening date target of June 30, will have an artificial ice surface, four large dressing rooms with attached washrooms, a large rotunda area, a confectionary area, and a convenient meeting room or mezzanine area overlooking the ice area. Just the spot for our senior citizens to watch winter arena activities in extra comfort and warmth!

The ice area itself will have rows of comfortable seats along one side, complete with heaters suspended over the spectators to ensure complete comfort for all.

Work goes forward on the Arena in Gibbons after a delay due to shortage of steel. Plans call for completion by June 30th.

Marshall Lee, the general contractors, are going full speed ahead now that the long wait for steel is over.

The new arena will provide wonderful facilities not only for hockey and skating groups, but horticultural groups, gymkhanas, agricultural fairs -- the list is endless.

All donations to the arena are income tax deductible!

Word was received this week that the official number necessary on your receipt to show it has been approved as a deduction is now finally on the way. So claim your tax deduction and contact your canvasser or any member of the executive of the Sturgeon River Agricultural Society and they will advise you of the number to affix to your receipt.

News from Gibbons

By S.A.M.

Get well wishes to Wilf Oliver and Allan Knott in the General Hospital at Fort Saskatchewan.

The regular meeting of the Last Roundup was held April 11. There were only 20 members present with many members sick with the 'flu.'

Whist was played and winners were Lady's first - Mrs. Hood; Consolation - Mrs. Davidson; Men's first - Alvin Tupper; Consolation - George Carleton.

The group was glad to welcome back Mr. and Mrs. George Carleton and Ethel Neilson of Bon Accord. The lovely birthday cake for the March and April birthdays was donated in an Easter theme. The Senior Citizens are being asked to help with the compiling of the Gibbons and district history book. If you haven't sent your history yet please do so, time is getting late.

Next meeting April 25.

If you attended these school areas, Gibbons, Creuzot, St. Eugene, Sturgeon Valley, Cloverdale, Coronado, Notre Dame, St. Clair, New Lunnion and Lamoureux, we would like you to submit a history of your family, school days, sports, anecdotes, pictures, whatever for the Gibbons and District History Book. All pictures will be returned. Please send to Gibbons and Area History, c/o Mrs. W. Mabbutt, Box 11, Gibbons, TOA 1N0. For more information please phone 799-1148.

There is bingo every Thursday at the Legion Hut Time - 8:30 p.m.

Sympathy of the district is extended to Mr. Harvey McLean on the death of his sister Mrs. Gladys Veniot of Pictou, Nova Scotia.

The senior hockey club will be holding a windup dance on Saturday, April 20 at Gibbons Community Hall. Music by the Northern Lights. Tickets - \$2.50 each. Bar facilities. Tickets at Nan's Better Meats and Gulf Service.

The Sunday School Circle will be holding its annual Plant Tea and Bake Sale on May 25 in the Sunday School building at Gibbons from 2 - 5 p.m. There will be a good selection of bedding plants, garden vegetables and flowers. Everyone welcome.

Our half acre

Research goes forward in field crop aspects

Canfarm ration formula service

Reissued from W. O. Klatt's office, District Agriculturist. The following information was received by Ross Gould, District Agriculturist from the research centres at Lacombe and Lethbridge.

FORAGE CROPS:
In silage tests carried out at Lacombe, where heat units range from 1800 to 2100 per year, oats out-yielded both corn and barley. Over a 15 year period oats yielded 8.8 tons of silage per acre, barley 7.9 and corn 6.2.

Annual cereal pasture tests, also carried out at Lacombe, showed that spring seeded fall rye and the combination of fall rye and oats equalled or exceeded oats alone in pasture yield. The rye-oats combination gave the more uniform distribution of yield over the pasture season.

In tests carried out at Lethbridge, Russian wild rye grass produced 6.3 times as much beef per acre as native range grass. It also produced more than three times as much beef per acre as a combination of crested wheatgrass, native range and Russian wild rye pastured seasonally. The main advantage of the Russian wild rye was that steers continued to gain weight in the fall when other grasses had become unproductive.

WEEDS:
Two new wild oat herbicides, Endaven and Avenue, have shown promise in tests that have been conducted at Lacombe since 1969. Endaven appeared to give better wild oat control than Carbyne and was effective over a longer period of time in the weed's development. The greatest yield increases occurred when the chemical was applied at the three-leaf stage of wild oat growth. Wheat and rape were tolerant to the chemical, but barley and oats were severely damaged by Endaven. Avenue showed promise for wild oat

control in barley and performed in a similar manner in wheat. Zephyr rapeseed was sensitive to this chemical. Avenue controlled wild oats from the three to five-leaf stage, giving a spraying period similar in length to that of Endaven.

The placement of Treflan in the soil was found to be extremely important in tests carried out at Lacombe. Its effectiveness was reduced when it was placed more than three inches below the soil surface and when the soil had a high organic matter content.

A new chemical, still unnamed, being tested at Lacombe, reduced a severe quackgrass infestation by 90 per cent without damaging barley that was seeded two weeks later. In fact, barley yields were doubled on the treated plot. Canada thistle and dandelion control with this chemical was not good but still encouraging.

SOILS:

At Lethbridge it was found that applications of nitrogen fertilizer increased the protein content of Cypress, Manitou and Glenlea. The baking quality was not reduced. However, the low baking quality of Plite 62 was not improved with the higher protein content.

Also at Lethbridge, fall applications of phosphorus improved the winter survival of fall rye, but fall applications of more than 200 pounds of nitrogen reduced winter survival.

In studies carried out at the research sub-station at Vegreville, it was found that mixing the subsoil with the topsoil through deep plowing (24") produced significant crop yield increases. The plants were able to take up more nitrogen and potassium from the deep-plowed soil. The reason is probably that the lime from the subsoil makes the topsoil less acidic and the percolation

and storage of water is more effective when the 'hardpan' layer just below the surface, is broken up.

Demonstrations on deep plowed land in the Fleet and Halkirk areas showed a yield increase from 3/4 to 1 1/2 tons of bromegrass per acre. The yield increase for oats was 10 bushels per acre by weight. At Coronation, barley grown on a severe solonchok soil showed yield increases of from 27 to 41 bushels per acre. Also, in all cases, the bushel weight of crops grown on the deep plowed land was higher, indicating a higher feed value.

MISCELLANEOUS:

Research at Lethbridge showed that systemic seed treatment with Vitaflow was effective against the soil-borne disease, stalk smut, in rye as well as against seed-borne diseases. The old mercurial seed treatments did not provide protection against stalk smut.

It was found at Lacombe that toxic nitrate levels were present in summer-sown rye pastures which were severely infested with leaf rust. Since similar studies have not been done on other cereal pastures, it might be an idea to test rust infested greenfeed and cover crops for toxic nitrate levels.

A plant disease survey, carried out by the Lacombe research station, showed that cereal crop yields in 1972 were reduced by as much as 20 per cent from a combination of root rots and leaf diseases. These losses could be reduced if crop rotations were planned so that crops were not planted that were susceptible to disease organisms likely to be in the soil. In cases of some soil-borne diseases, systemic seed treatments might also be helpful.

Labour aid

Many farmers have applied for - labour assistance in building livestock facilities. They have until April 30 to complete a re-imbursable claim. Those who have completed their facilities are advised to complete their claim now. The Department is anxious to have most of their claims inspected and processed for payment before April 30. Please remember that April 30 is the deadline. Receipts for all material and labour used in the project are required and are to be attached to the claim.

Reissued by W. O. Klatt's office, District Agriculturist. The CANFARM Ration Formulation Service provides least cost feed combinations designed to meet the livestock's nutritional needs.

Bill Brown, of the Farm Management Branch of Alberta Agriculture, says with today's high feed prices it is uneconomical to feed higher cost nutrients or more nutrients than the animal requires. A good farm manager should strive to feed his livestock a balanced and complete ration at least cost.

What does a reduction in feed costs mean in terms of dollars? Mr. Brown explains it this way:

Take, for example, a feedlot operation that reduces its feed costs by only one cent per head per day. Of course, in the example, the animal's production must stay the same, say an average daily gain of two pounds per head. The feedlot has 100 steers that are being fed out for 200 days.

Total feed cost savings - 1¢/head/day x 100 head x 200 days = \$200.00.

Therefore, says Mr. Brown, the feedlot manager has saved \$200 by cutting his feed costs by only one cent per head per day. The advantages naturally increase if feed costs are cut by greater amounts.

How does the farm manager go about reducing feed costs? Of prime importance is that rations should be balanced to provide the essential nutrients in the amounts required by the particular class of livestock. If the rations are not balanced, production will be adversely affected. The manager should seek assistance in balancing his rations either from his feed industry representative or his local district agriculturist.

A tool that can be used by both the farm manager and his local agent is the CANFARM Ration Formulation Service. With care input of the information the service will give a least cost combination of those feeds available to you that will meet the livestock's nutritional needs.

The input needs by the Ration Formulation service

are as follows:

- *nutritional requirements of the livestock;
- *prices of all feeds available to the farm manager; and
- *nutrient level of all feeds available for feeding.

For further information on the CANFARM Ration Formulation Service, contact the Farm Management Branch, 9718 - 107 Street, Edmonton, or the District Agriculturist, Morinville.

Training course - beekeepers

By Wally Klatt, District Agriculturist.

There will be a course on beekeeping offered at the Vermilion College on April 29 and 30, and on September 12 and 13, 1974.

This course is designed for the beginner in beekeeping or for the hobby beekeeper, but could also benefit the uninitiated who may be contemplating beekeeping work. The topics covered:

1. Place of beekeeping in the general agricultural pattern.
2. The honeybee and its place in the world of insects, including some information on the structure of the insects and its life cycle.
3. FEAR! False and Real.
4. Familiarization with equipment and with terms.
5. Liquid, comb and cut production.
6. Ordering of bees and equipment.
7. Choosing and setting up a beeyard.
8. Hiving procedures.
9. Post hiving inspections and procedures.
10. Swarm Control.
11. Supering.
12. Harvesting Techniques.
13. Extraction.
14. Marketing and Storage
15. The ease of wintering

vs. destruction of bees.

16. Wintering techniques. Tuition for the two-day schools and a set of six home study lessons is \$42. Room and board are available at the college at the

rate of \$6.75 per day.

Enrollment is limited to 25 students, so if you're interested, register now.

For further information contact the College or your District Agriculturist's office.

Hog incentive program continues

Re-issued by Bob Berry, Asst. District Agriculturist. Dr. Hugh Horner, Alberta's Minister of Agriculture, announced that the Alberta Government's temporary hog production incentive program will be continued in April. It is not yet known how long the program will last.

The dressed carcass payment of \$4.50 per hundred weight, which is administered by the Alberta Hog Producers Marketing Board, applies to market hogs sold retroactive to February 1, 1974. Light market hogs, sows and stags do not qualify.

Hog producers do not have to apply for payment. Incentive payments, which can properly be termed a 'consumer subsidy', will be forwarded to producers by the

Alberta Hog Producers Marketing Board. The first payments, for the month of February, will be processed and mailed during the first week in April.

In recent weeks, hog producers in Alberta have been marketing hogs at prices that are averaging a return which is much below the current total cost of production. The low market prices and a feed cost price spiral are putting future pork supplies under serious pressure. It is hoped that the temporary hog production incentive program, which takes care of a small portion of the loss, will encourage producers to stay in production.

The basic purpose of the program is to help ensure a future pork supply for the consumer.

NAME

ADDRESS

Calahoo and District News

By Liz McLeod

W. I. NOTES

The March meeting of Calahoo Women's Institute was held at Mrs. John Carty's home with 14 members present and five husbands visiting.

Mrs. Dalheim, constituency convenor, she had booked the church basement for a report on the recent workshops. Members from Winterburn, Spruce Grove and Onoway also attended.

Discussion followed and the cash bingo and bake sale was set for April 17, with proceeds to go towards Cancer research and Crippled Children.

The WI were part of the Rec. Fest '74 held in Morinville, when Mary Dalheim Madeline Brown and Liz

McLeod took care of the booth offering lemonade, soup and hot chocolate. They stayed for the variety night in the evening and thoroughly enjoyed it all.

\$25 was donated to a recent burned-out family.

The month's subject was "Citizenship" and Mary Dalheim gave an enlightening talk, saying citizenship, like culture, is outreaching. It starts in the home, then community, nation and the world. We have a representative at the United Nations, and we should always give credit when credit is due and by the same token we should give constructive criticism and register a complaint when buying inferior goods.

Mary elaborated further on Citizenship as it applies

to women in the Institutes and encouraged members to take an active part in their organization.

The door prize, brought by Margaret Douglas, was won by Addie Thatcher.

It was unfortunate that birthday gals, Toni Christen and Emma Dalheim were unable to attend for health reasons to see their birthday cake, trimmed in green.

The April meeting will be held at Mrs. W. Christen's home instead of the F. Lischewski's as stated in the program books, on April 23 at 8:30 p.m. and the topic will be handicraft. The roll call will be bring a written tour suggestion and a piece of handicraft you are doing for the tea.

Visitors are always welcome.

tours take a lot of planning and work to finalize.

John Thatcher's oldtime band consisting of John on violin, John LaFleur on drums and Vic Albrecht on violin had a practice session with a square dance set hoeling 'er down to the delight of the rest of the crowd. After bingo, lunch was served. There is always a birthday cake and this time the birthday girls were - Mrs. W. Christen, Mrs. Mary Kolesar and Mrs. J. Williams.

Due to circumstances, the next meeting of Calahoo's Goldenagers will be held on April 24 in the Gazebo at 1 p.m.

Visitors are always welcome.

BABIES IN THE NEWS

With the birth of Sherri Anne Brennels there are now five generations in the two families of grandparents Leo and Honnerena Brennels of Morinville and Walter and Mary Victor of Calahoo, and four generations in the third set of generations, an amazing record.

Leonard and Norma Williams (nee Boddez) are receiving congratulations on their chosen son, Clinton, a brother for Sherry. Grandparents are James and Elsie Williams of Onoway and Hector and Laura Boddez of Calahoo. Leonard and Norma now make their home in Entwhistle.

GOLDENAGERS ENJOY MEET

Senior citizens of Calahoo met in the Gazebo, now that the weather is warmer, with 31 older folk enjoying cards bingo and visiting for a few hours. It was nice to see Mr. Frank Gawron out again.

Also the members from Onoway and Mr. and Mrs. Oscar Campeau now in Edmonton, who make the drive quite regularly.

Members are reminded to fill in the tour of their choice slated for this summer, and mail it back to Neil Parker of the Recreation Department, Morinville, as these

CHARGEX ACCEPTED

To all men and women who have just about given up on their hair...

Don't.

"I can truly recommend
Hair Trigger."

John Wayne

Because your hair probably hasn't given up on you. Even though it seems that way. Now's the time to try the Hair Trigger Hair Care Programme.

The Programme starts with Hair Trigger Formula 6. No, it's not the same old thing you may have tried before. It's not another dead-end process. Hair Trigger Formula 6 is new, it works, and now it's here. In fact, Hair Trigger works so well that actor John Wayne was so impressed by his own personal results with Hair Trigger Formula 6, that he broke a resolve never to endorse a product...to endorse Hair Trigger.

Hair Trigger Hair Care Programme is a double-action treatment to revitalize and recondition thinning, limp, lifeless, split, hopeless hair. It consists of a specially formulated Formula 6 Cream, a protein conditioning shampoo and Cream Rinse for adjunctive care; and a series of natural source Dietary Supplements, to help ensure proper nutrition.

Try the Hair Trigger Programme today. Your mirror will tell you the tale in 60 to 90 days.

So don't give up on your hair. Help it! So that it never gives up on you.

HAIR TRIGGER is sold at better drug and department stores everywhere. If not available in your area mail Coupon to:

HAIR TRIGGER OF CANADA LIMITED

1491 Yonge Street
Toronto, Ontario M4T 1Z4

Please rush my order of HAIR TRIGGER Hair Care Treatment and also a free booklet entitled "Can you think of one good reason why you're neglecting your hair right off the top of your head?"

Enclosed is my ☐ certified cheque ☐ money order (no cash or COD's please)
